

Ballooning Earrings or Ornament

Figure 1—Realistic Chart of Ballooning Design

Delica 11° Beads Needed for Ballooning Earrings (includes optional dangle)

DB766	Opaque Dark Blue	102
DB791	Opaque Red	148
DB1201	Silver Lined Marigold	94
DB148	Silver Lined Green	86
DB715	Medium Brown Transparent	40
6x10	Austrian Crystal Teardrop	2

The Ballooning design is quick and easy, a bright and cheery pair of earrings, ornament or charm. The reinforced hanging loop consists of one Red (position shown by Red bead at center top of balloon) and six Blue beads. To attach basket to balloon, string six Blue beads to each side as indicated. These beads aren't beaded into the design, but are just strung from the sides of the balloon to the top of the basket. Overall design measures approximately 1" x 1.9" BEFORE the optional teardrop dangle and earwires. For optional dangle, string six Red beads from the center bottom of the basket, starting with and counting the one Red bead positioned at the center bottom of the chart. Add teardrop bead and another Red bead, then go back up through the teardrop and the other six Red beads. Tie off securely.
