The Flower Pinks design is quick and easy, a bright and cheery pair of earrings, ornament or charm. The reinforced hanging loop consists of six Green beads (position shown at center top of flower). Overall design measures approximately 1.34" x 1.59" BEFORE the optional teardrop dangle and earwires. For optional dangle, string six Gold beads from the center bottom of the basket, starting with and counting the one Gold bead positioned at the center bottom of the chart. Add teardrop bead and another Gold bead, then go back up through the teardrop and the other six Gold beads. Tie off securely.
